

Toronto Pearson

SAFETY POLICY

At Toronto Pearson, safety and security are our top priorities. These are supported by our vision of zero injuries. All individuals employed at the Airport are collectively responsible for the safety and security of each person at the Airport.

Our objective is to keep the Airport free of accidents and hazards and to operate the Airport in a safe manner by:

- Promoting an Airport-wide safety culture;
- All employees understanding the importance of safety and recognizing, reporting and addressing safety hazards;
- Being in compliance with all applicable safety and security legislation, regulations, standards or laws;
- Training and educating all employees, in all aspects of their safety and security responsibilities;
- Setting specific, measurable and obtainable targets for safety performance; and,
- Continuously improving safety at the Airport.

This policy applies to all employees at Toronto Pearson and complements individual company, organization and agency safety policies.
